

ARDEN & OAK

GARDEN BUILDINGS

An extra room  
*for your life.*

Beautifully designed garden rooms, crafted for work,  
wellness, entertaining and everyday living.

# Beautiful spaces. Built around you.

We design and install premium garden rooms for work, fitness, creativity, entertaining and everyday life. Every building combines thoughtful design, high-performance construction and carefully selected finishes to create a comfortable space you can enjoy throughout the year.

From compact home offices to generous multi-room buildings, we help you choose the size, layout and finish that works for your garden and how you plan to use it.

**10-YEAR STRUCTURAL  
WARRANTY**

Confidence built in.

**ENGLAND & WALES**

Design and installation  
coverage.

# Built to a standard, *not a price.*

---

Every site is different. Access, building size and location can all influence the most suitable construction method.

In most cases, we use high-performance SIP panels to create a strong, highly insulated building envelope. Where restricted access makes full panels impractical, we can use a robust timber-frame system with high-performance PIR insulation.

Different methods. The same commitment to quality.

## THE RIGHT METHOD FOR YOUR SITE

We select the construction method to suit the building and the practical requirements of your site. Most projects use SIP panels; where access is restricted, a high-performance timber-frame alternative may be used.

## BUILT FOR YEAR-ROUND USE

Insulation and comfort are central to every Arden & Oak building. The exact specification depends on the selected design and construction method.

## YOUR CHOICE OF EXTERIOR

Brown treated pine is available as our core external finish, with optional alternatives including Western Red Cedar, Thermowood, composite woodgrain and selected slatted profiles.

ENGLAND & WALES

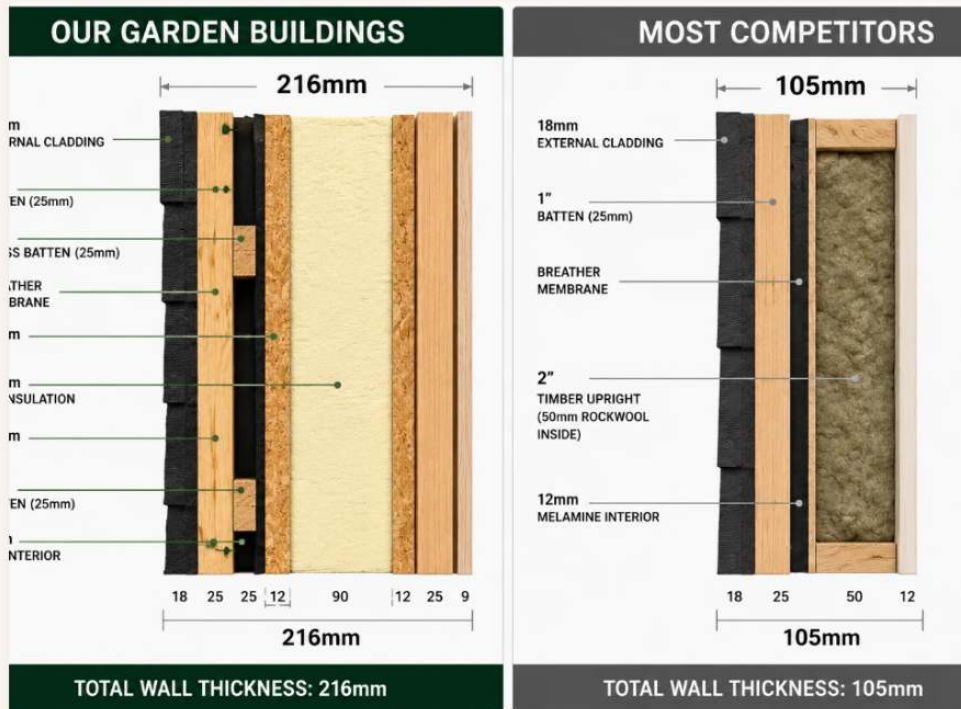

Design and installation coverage.

10-YEAR STRUCTURAL WARRANTY

Confidence built in.

TYPICAL 105MM WALL BUILD-UP

# Built differently. *Built to last.*

## HIGHLY INSULATED SIP CONSTRUCTION

Structural insulated panels create a strong, high-performance building envelope designed for comfortable year-round use.

## 10-YEAR STRUCTURAL WARRANTY

Long-term confidence in the structure of your garden room.

## GROUND SCREW FOUNDATIONS

A precise, low-impact foundation system with no traditional concrete base required for suitable installations.

## DESIGNED AROUND YOU

Choose the size, layout, glazing, finishes and options that suit your space and the way you want to use it.

A beautiful garden room should feel every bit as considered as the home it sits beside. That's why we combine high-performance construction with carefully chosen materials and thoughtful finishing details.

# One room. *Endless ways to live.*

A garden room does not need a single purpose. Create a quiet home office, a private gym, a place to entertain, or simply somewhere to switch off.

And when life changes, the room can change with it.

*“Built for what you need today.  
Ready for what comes next.”*

WORK

TRAIN

PLAY

BREATHE

UNWIND

ESCAPE

ROOM TO WORK. ROOM TO MOVE. ROOM TO PLAY. ROOM TO SWITCH OFF.

# A bespoke space to think, create and thrive.

Our bespoke garden buildings are designed for clients who want more freedom over size, layout, glazing and finish.

Whether you are creating an executive home office, a private studio or a dedicated wellness space, we can develop the building around its intended use, garden setting and practical requirements.

## *ACOUSTIC OPTIONS*

Additional acoustic measures can be considered where sound control is important.

## *NATURAL LIGHT*

Glazing can be positioned to balance daylight, views and privacy.

# Everything you need. Nothing you don't.

The Arden Edition brings together high-performance construction, contemporary design and carefully selected finishes in one straightforward specification.

Typically built using highly insulated SIP panels and installed on ground screw foundations, the Arden Edition is designed to create a comfortable, year-round space with the quality and detailing you expect from Arden & Oak.

- HIGH-PERFORMANCE INSULATED CONSTRUCTION
- SITE-APPROPRIATE FOUNDATIONS
- BROWN TREATED PINE FRONT CLADDING
- BLACK BOX-PROFILE STEEL SIDES & REAR
- PAINTED BIRCH PLY INTERIOR
- LAMINATE FLOORING
- 4 DOUBLE SOCKETS & 1 FOUR-SPOT CEILING TRACK

THE ARDEN & OAK COLLECTION

# Two ways to create your garden room.

Choose a ready-designed Arden Edition model with a straightforward specification, or explore our wider collection for more choice in form, layout and finish.

**FOUR READY-DESIGNED MODELS.  
ONE CLEAR SPECIFICATION.**

*The Snug · The Forge · The Den · The Reed*

ARDEN EDITION INCLUDES

- BROWN TREATED PINE FRONT CLADDING
- BLACK BOX-PROFILE STEEL SIDES AND REAR
- PAINTED BIRCH PLY INTERIOR
- LAMINATE FLOORING
- FOUR DOUBLE SOCKETS
- ONE BLACK FOUR-SPOT CEILING TRACK
- EPDM ROOF COVERING

**THE ARCHITECTURAL COLLECTION**

More choice in form, layout, glazing and finish.

*The Mill · The Mono · The Atelier · The Yard · The Pavilion*

THE ARDEN EDITION

Choose your scale.  
*From compact retreat to room for more.*

## THE SNUG

*Compact by design. Generous in possibility.*

Designed for gardens where space matters, The Snug keeps its footprint compact without compromising its sense of purpose. An ideal choice for focused work, quiet downtime or a private room away from the house.

---

### IDEAL FOR

Home office · Reading room · Creative studio · Private retreat

## THE FORGE

*More room to work, train and unwind.*

For those who need greater freedom from their space, The Forge offers more generous proportions and flexibility. A natural choice for fitness, entertainment, larger workspaces or rooms designed around more than one use.

---

### IDEAL FOR

Home gym · Cinema room · Games room · Large office

# Choose your character. *One for switching off. One for switching on.*

## THE DEN

*Made for switching off.*

The Den is shaped around comfort, escape and time well spent. A natural setting for film nights, games, relaxed weekends or simply closing the door on the pace of the main house.

### IDEAL FOR

Games room · Cinema room · Family snug · Garden retreat

## THE REED

*Made for switching on.*

The Reed brings a lighter, more focused character to the collection. Well suited to creative work, quiet concentration and ideas that need room to develop, it creates a purposeful space with a calm architectural feel.

### IDEAL FOR

Home office · Art studio · Music room · Creative workspace

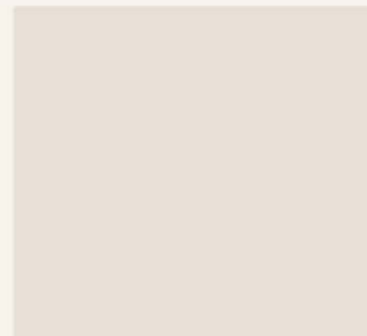

## THE ARDEN EDITION

# A simpler way *to choose.*

The Arden Edition takes the uncertainty out of creating a garden room. Start with one of four ready-designed models, choose the size that suits your garden, then personalise selected details.

The core design and specification are already established, giving you a clearer route from first idea to finished room.

*Four designs. A clear specification. Straightforward choices.*

## THE FOUR DESIGNS

*The Snug · The Forge · The Den · The Reed*

THE ARDEN EDITION

# Less to decide. *More to look forward to.*

The Arden Edition is for customers who want a beautifully considered garden room without beginning with a blank sheet of paper. Choose the design and size that works for your space, then let a carefully developed package take care of much of the rest.

It is a simpler route to an Arden & Oak garden room — with clarity from the outset and room to make it feel like your own.

## **CHOOSE YOUR DESIGN**

Start with the Arden Edition form that best suits your garden and how you want to use the space.

## **CHOOSE YOUR SIZE**

Select the proportions that work for your available space and intended use.

## **MAKE IT YOURS**

Explore optional finishes, upgrades and extras where you want to personalise the room further.

*A considered room. A simpler way to begin.*

Looking for something entirely your own?  
Discover the wider Arden & Oak collection

## THE ARDEN &amp; OAK COLLECTION

# THE ARCHITECTURAL COLLECTION

*More freedom. More individuality.*

For customers looking beyond the ready-designed Arden Edition, our Architectural Collection offers more distinctive forms, larger layouts and greater freedom over glazing, finishes and configuration.

From compact studios to statement garden buildings, each design begins with its own architectural identity.

## COLLECTION MODELS

- THE MILL
- THE MONO
- THE ATELIER
- THE YARD
- THE PAVILION

*From quiet retreats to statement spaces.*

## THE ARDEN &amp; OAK COLLECTION

# The Snug

*Small in footprint. Generous in feeling.*

Designed for gardens where space matters, The Snug brings together calm proportions, clean architectural lines and a strong connection to the outdoors. Compact without feeling compromised, it creates a beautifully considered room for work, retreat or time entirely your own.

## MADE FOR

**HOME OFFICE**

*A focused place to work away from the house.*

**QUIET RETREAT**

*Space to read, think and switch off.*

**CREATIVE STUDIO**

*A private room for ideas and making.*

**EVERYDAY ESCAPE**

*Somewhere that simply feels like your own.*

*A smaller room. A bigger shift in how your garden feels.*

THE ARDEN & OAK COLLECTION

# The Forge

*More room. More possibility.*

Designed for gardens that can accommodate something more ambitious, The Forge brings generous proportions and a stronger architectural presence. Its extended form creates space to work, train, entertain or simply live differently — with room for each part of life to find its place.

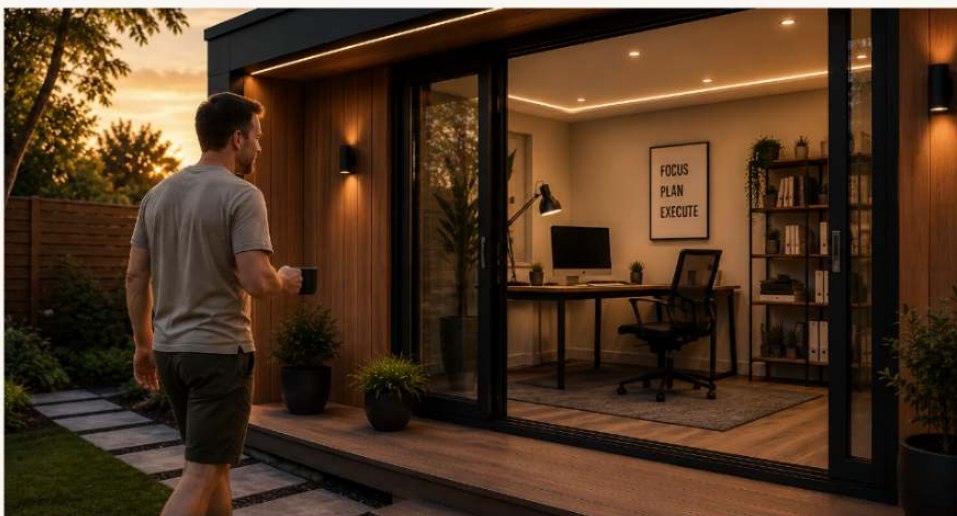

## SPACE, EXTENDED.

**WORK** A generous studio for focus, ideas and growing ambitions.

**WELLBEING** Space to train, move and create a routine around you.

**ENTERTAIN** A considered setting for evenings, weekends and time together.

*A larger room. A wider way to live.*

THE ARDEN & OAK COLLECTION

# The Den

*Your space. Your rules.*

Designed as a place to switch off, settle in and make entirely your own, The Den brings together confident proportions, clean architectural lines and a relaxed sense of escape. From films and games to drinks with friends or simply time away from the everyday, it is a room shaped around the way you unwind.

*A room apart. A place entirely your own.*

MADE FOR

**GAMES ROOM**

Space to play, compete and lose track of time.

**GARDEN BAR**

A private place for drinks, music and good company.

**CINEMA ROOM**

Films, sport and box sets on your own terms.

**EVERYDAY ESCAPE**

A room that asks nothing of you.

THE ARDEN & OAK COLLECTION

# The Mono

*One line. A different perspective.*

Defined by its distinctive roofline and confident simplicity, The Mono brings a sharper architectural character to the garden. Clean proportions, considered glazing and a strong linear form create a room that feels contemporary without becoming overstated.

MADE FOR

*A singular form. A room with a different point of view.*

HOME OFFICE

A sharper space for working differently.

DESIGN STUDIO

A calm setting for ideas, detail and focused work.

CREATIVE RETREAT

Room to think, make and find your own rhythm.

EVERYDAY ESCAPE

A private place with a character of its own.

THE ARDEN & OAK COLLECTION

# The Mill

*Built around the way you play.*

With its distinctive gabled form and generous proportions, The Mill creates space for something more immersive. Shown here as a dedicated golf simulator, it brings together architectural presence, practical scale and a room designed around the way you choose to spend your time.

SHOWN HERE

## Golf Simulator

A dedicated immersive setup with room for the screen, hitting zone, technology and the moments between shots.

### SPACE, CONSIDERED.

- PLAY** Practise, compete and escape for an hour.
- FOCUS** A dedicated environment built around the experience.
- UNWIND** Your own space, without leaving home.

*More than a room. A place to lose track of time.*

THE ARDEN &amp; OAK COLLECTION

# The Atelier

*Space to move. Room to breathe.*

Defined by generous glazing and a strong connection between inside and out, The Atelier creates a room with a naturally open character. Shown here as a dedicated yoga studio, it offers space to move, reset and establish a rhythm entirely your own.

OPTIONAL ADD-ON

## The Pergola

Add the optional Pergola to extend The Atelier beyond its walls — creating a covered outdoor space for dining, entertaining and slower moments in the garden.

*A quieter space can change the pace of everything.*

THE ARDEN & OAK COLLECTION

# The Reed

*Made for whatever moves you.*

Designed around the way real life changes, The Reed is a confident, adaptable garden room with space to play, create, unwind or simply disappear for a while. Shown here as both a vibrant games room and a music-led retreat, it is a room shaped less by rules and more by you.

## ONE ROOM. TWO RHYTHMS.

### PLAY

A generous space for games, family time and losing track of the afternoon.

### CREATE

A private place for music, ideas and making something entirely your own.

### UNWIND

Close the doors, turn up the volume and leave the day outside.

*“Some rooms have a purpose. Others become part of who you are.”*

THE ARDEN &amp; OAK COLLECTION

# The Yard

*One footprint. More ways to live.*

Designed for those who need more from their space, The Yard brings scale, flexibility and strong architectural presence to the garden. Keep it open as one generous room or divide it into two distinct spaces, each shaped around a different part of life.

**ONE BUILDING. TWO DIRECTIONS.**

Together, or entirely separate.

Create one expansive open-plan room or divide The Yard into two independent spaces — work and wellbeing, studio and office, business and escape.

**OPTIONAL ADD-ON**

**The Pergola Bar**

Extend The Yard beyond its walls with an architectural pergola configured for outdoor entertaining. Shown here as a dedicated garden bar.

## ONE ROOM

A generous open-plan space with room to think bigger.

## TWO ROOMS

Separate uses, separate rhythms, one considered architectural form.

## BEYOND THE WALLS

Add a pergola and turn the space between indoors and out into somewhere worth staying.

THE ARDEN & OAK COLLECTION

# The Pavilion

*More space. More life around it.*

Created for gardens where life rarely happens in just one place, The Pavilion brings generous proportions and multiple possibilities into one confident architectural form. Keep it open and expansive or create two distinct rooms, each with its own purpose and rhythm.

TWO SPACES. ONE ARCHITECTURE.

## ENTERTAIN

A generous room for games, drinks, evenings and time together.

## WORK

A separate office or studio with space to focus without leaving home.

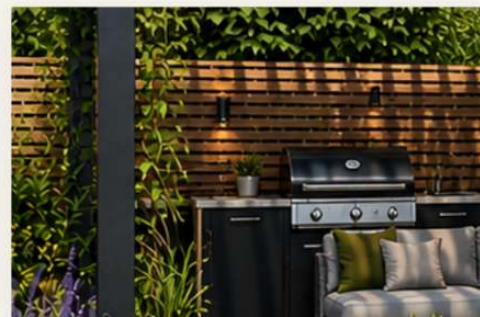

**OR OPEN IT UP** *Configure The Pavilion as one substantial room shaped entirely around you.*

## OPTIONAL ADD-ON

### The Pergola

Extend The Pavilion outdoors with a covered architectural structure designed for lounging, dining and entertaining. Shown here with an outdoor kitchen, it turns the garden into another room.

## ARCHITECTURAL DIALOGUE

The strong layout frames a visual connection between the shared bar space and the dedicated focus of the office wing, linked seamlessly by the wide dark composite deck.

*One building. More ways to bring life together.*

THE ARDEN & OAK COLLECTION

# Made for life outside.

*Two compact spaces. Two ways to stay a little longer.*

“Designed for the moments that happen beyond the house, The Cellar and The Hearth bring considered architecture to outdoor living. Compact in footprint, generous in character and shaped around the way you entertain.”

OUTDOOR BAR POD

## The Cellar

*Your own bar. Just outside.*

A dedicated garden bar designed for relaxed evenings, weekend drinks and time shared outside. Warm timber, a dark considered interior and a compact footprint create a space that feels intimate, atmospheric and entirely its own.

CLOSE IT AWAY

A fitted canvas closure allows the open frontage to be covered when the bar is not in use, helping protect the interior while keeping the pod's clean architectural form.

OUTDOOR KITCHEN & BBQ POD

## The Hearth

*Cook outside. Stay outside.*

A purpose-built setting for outdoor cooking, long lunches and evenings around the garden. With space for a barbecue, preparation area, storage and refrigeration, The Hearth turns cooking outside into something more permanent.

MADE TO GATHER

A sheltered, considered outdoor kitchen that keeps the cook connected to the garden, the table and the people around it.

CONCEPT OVERVIEW

**SMALL FOOTPRINT.  
BIGGER MOMENTS.**

ENTERTAIN

Spaces shaped around drinks, food and time together.

SHELTER

A more considered setting for outdoor living.

MAKE IT YOURS

Configure finishes and details around the way you use your garden.

*“Some of the best rooms don't need four walls.”*

EXTERIOR / CLADDING

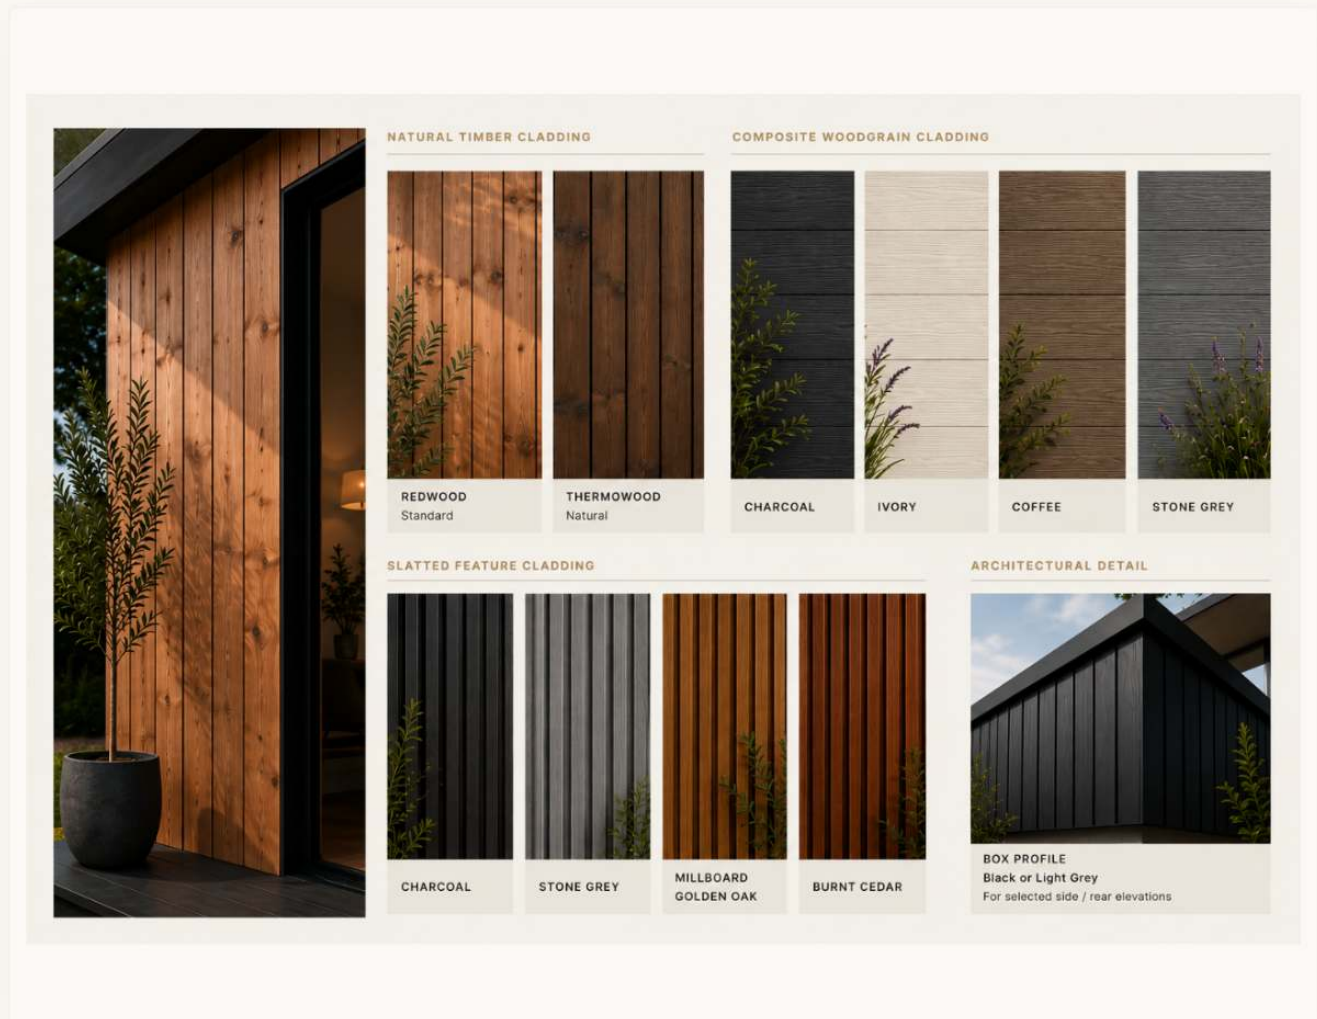

# The outside *is yours.*

NATURAL TIMBER. MODERN COMPOSITE.  
ARCHITECTURAL DETAIL.

The character of your building begins on the outside. Choose from natural timbers, contemporary woodgrain composites, slatted profiles and architectural finishes — each selected to complement the building, the garden and the way you want it to feel.

The finishes shown are simply a starting point. Our wider collection offers an extensive choice of colours, tones, textures and profiles, with further options available to help create something distinctly yours.

*A glimpse of the collection. Not the limit of it.*

FRAME THE VIEW

# Open it up. Frame the view.

From classic French doors to wide sliding openings and architectural bi-folds, glazing changes not only how your building looks, but how it connects to the garden.

Choose uPVC or aluminium, configure the opening style, then select a colour to complement the architecture.

*More glass. Less frame. Entirely your view.*

FRENCH DOORS

Classic and practical. Timeless style, symmetrical design and easy access.

SLIDING DOORS

Clean lines and space saving. Large glazed areas with smooth, effortless operation.

BI-FOLD DOORS

Open it wide. Maximise your opening and connect inside with outside.

FIXED GLAZING

Frame the view. Bring in light and views with minimal visual interruption.

CORNER GLAZING

Architectural and striking. Available on selected designs for a premium finish.

FRAME MATERIALS

uPVC

Thermally efficient, low maintenance and excellent value.

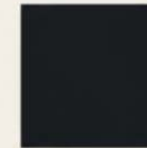

ALUMINIUM

Slimmer sightlines, stronger frames and a premium architectural finish.

## BESPOKE LIGHTING SOLUTIONS

Can't find what you need? We can design a tailored lighting solution to suit your space perfectly.

# More than *one room.*

Your garden building does not have to be one open space. Add internal walls, separate rooms, dedicated storage and practical zones to create a layout shaped around the way you live.

From a quiet office beside a private gym to a golf simulator with concealed equipment storage, every square metre can be considered.

01. PARTITION WALLS

02. INTEGRATED STORAGE

*“Sometimes the best use of space is creating more than one.”*

**WORK + TRAIN**

Office with private gym

**PLAY + STORE**

Golf & equipment room

**WORK + WELCOME**

Studio & client space

**RELAX + REFRESH**

Retreat with optional WC

**03 EQUIPMENT STORE**

Golf, gym, garden or specialist kit.

**04 PRACTICAL SPACES**

WC, shower, changing or utility options.\*

**05 SEPARATE ACCESS**

Independent entrances for different uses.

*\*Subject to services, site conditions and feasibility.*

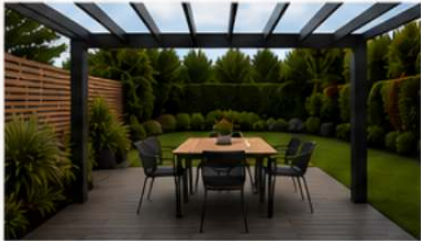

EXTEND YOUR SPACE

# The pergola add-on. *Outdoor living, elevated.*

Our pergola extensions are the perfect way to create a seamless transition between inside and out. Choose open-air or **covered** for all-weather comfort and enjoy your garden, whatever the season.

WITH OR WITHOUT COVERED ROOF

**OPEN PERGOLA**

Sleek and airy with architectural beams to create shade, style and structure.

**COVERED PERGOLA**

All-weather protection with a solid roof and clean, contemporary finish.

OUTDOOR LIGHTING PACKS

**COB STRIP LIGHTS**

Seamless COB LED strip lighting for a clean, modern ambient glow.

**PERIMETER LIGHTS**

Integrated lighting around the perimeter for a refined architectural finish.

**UP / DOWN LIGHTS**

Contemporary wall lights to enhance your pergola and exterior.

**SPOT LIGHTING**

Discrete spot lights for accent lighting where you need it.

All lighting is IP65 rated for outdoor use, energy efficient and installed to the latest electrical regulations.

PERGOLA FEATURES

Crafted from premium timber for lasting quality and natural beauty

Integrated lighting solutions

Optional covered roof for all-year use

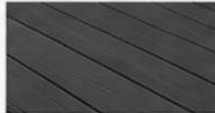

Perfect for dining, relaxing or entertaining
